GENERAL INFORMATION

11. Supply of Service:

- A. The Company shall endeavor at all times to provide a regular and uninterrupted supply of service, but in case the supply of service shall be interrupted for the purpose of making changes in or repairs to the Company's transmission or distribution system, or should fail, in whole or in part, from causes beyond the Company's control (including without limiting the generality of the foregoing, executive or administrative rules or orders issued from time to time by State or Federal officers, commissions, boards or bodies having jurisdiction) or because of the ordinary negligence of the Company, its employees, contractors, subcontractors, servants or agents, the Company shall not be liable therefore. The Company shall be bound in good faith to resume service as soon as reasonably possible.
- B. Compliance with directives of the New York Independent System Operator ("NYISO") shall, without limitation by reason of specification, constitute a circumstance beyond the control of the Company for which the Company shall not be liable; provided, however, that the Company shall not be absolved from any liability to which it may otherwise be subject for negligence in the manner in which it carries out the NYISO's instructions. (See Rule 11.A)
- C. Without limiting the generality of the foregoing, the Company may, without liability therefore, interrupt, reduce or impair service to any customer or customers in the event of an emergency threatening the integrity of its system, or any other systems with which it is directly or indirectly interconnected, if in its sole judgment or that of the NYISO (Rule 11.B), such action shall prevent, alleviate, or reduce the emergency condition, for such period of time as the Company, or said NYISO, deems necessary.
- D. Customers requiring service which is uninterrupted, unreduced, or unimpaired on a continuous basis should provide their own emergency or backup capability

12. Liability:

A. Customer Equipment

Neither by inspection nor nonrejection, nor in any other way, does the Company give any warranty, expressed or implied, as to the adequacy, safety or other characteristics of any facilities owned, installed or maintained by the customer or leased by the customer from third parties.

- B. The Company shall not be liable for any injury, casualty, or damage resulting in any way from the supply or use of electricity or from the presence or operation of the Company's facilities in connection with the street lighting system, except injuries or damages resulting from the negligence of the Company (subject to Rule 11.A).

The Company shall only install those facilities requested by the customer and accepted by the Company; and, therefore, the customer shall indemnify and hold harmless the Company from any and all claims, demands and liability which may be asserted against the Company for failure to meet the recommended illumination values set forth in the American National Standard Practice for Roadway Lighting.

13. Application for Street Lighting Service:

A. New Service, New Street Light District or Different Service Classification

Written application for new service, new street light district, or a different service classification is required on the form set forth in this schedule. Such application when accepted by the Company, shall constitute an agreement between the customer and the Company, subject to the terms and conditions set forth in the applicable Service Classification(s). Where unusual expenditures are necessary to supply service because of location or character of the applicant's or customer's installation, facilities shall be constructed only when an adequate contribution toward the construction of such facilities, or other satisfactory arrangement, is made. For uniform rules, regulations and general information applicable to this Schedule, refer to Schedule P.S.C. No. 119 - Electricity or superseding issues thereof.

GENERAL INFORMATION

20. Reliability Support Services (RSS) Surcharge (Cont'd)
- E. Net RSS costs incurred by the Company prior to March 1, 2013, shall be deferred and shall include carrying charges at the applicable other customer deposit rate. These deferred costs shall be included in the RSS surcharge commencing March 1, 2013. Net RSS costs incurred by the Company for the period beginning March 1, 2013 and subsequent thereto shall be assessed on a forecast basis and recovered from customers on a current basis.
 - F. The RSS surcharge revenues and costs shall be reconciled on a monthly basis. The RSS surcharge collected from customers shall be subject to an annual reconciliation for any over- or under- collections from the previous year. The RSS reconciliation over- or under- collections shall be credited or surcharged to customers, which shall include interest at the applicable other customer deposit rate.
 - G. A RSS surcharge Statement setting forth the surcharges by service classification shall be filed with the Public Service Commission on not less than three days' notice. The RSS surcharge may be reset on a monthly basis. Such statement can be found at the end of this Schedule (PSC No. 121 – Electricity).
21. Rate Adjustment Mechanism (“RAM”)
- A. Applicable to:
All customers taking service under Service Classification Nos. 1, 2, 3 and 4.
 - B. RAM Eligible Deferrals and Costs:
All RAM Eligible Deferrals and Costs shall be the difference between actual costs and the amounts provided for in base rates. RAM Eligible Deferrals and Costs shall include:
 - (1) Property Taxes;
 - (2) Major Storm Deferral Balances; and
 - (3) Reforming the Energy Vision (“REV”) costs and fees which are not covered by other recovery mechanisms.
 - (4) Company Electric Pole Attachment Revenue Requirements

All RAM revenues and deferrals are subject to reconciliation.
 - C. Annual RAM Recovery / Return Limits:
The annual RAM recovery / return shall be limited to \$19.3 million for electric. The RAM shall only be implemented for the Company once the limit is reached from netting the RAM Eligible Deferrals. Any net RAM Eligible Deferral value in excess of the limit shall remain deferred and shall be carried forward to the calculation of the RAM limits in the following year. Any net regulatory asset or liability in excess of the Company's annual RAM recovery / return limit shall be carried forward to the calculation of the RAM in the following year.
 - D. Deferred Regulatory Asset and Liability Balances:
The Company shall measure the deferred regulatory asset and liability balances for the items specified as RAM Eligible Deferrals and Costs (listed above) as of December 31 for each year. The RAM shall be identified in the Company's respective RAM Compliance Filings submitted on March 31 of each year and shall be implemented in rates on July 1 of each year for collection over the 12 months from July 1 to June 30. The RAM Compliance Filings shall include proposed RAM rates by service classification. Annually, the Company shall submit RAM tariff statements effective on July 1.

The first RAMs shall be effective July 1, 2017 based on eligible deferred balances as of December 31, 2016.
 - E. RAM Annual Recovery / Return Allocation:
The electric RAM annual recovery / return amounts shall be allocated to service classifications based on delivery service revenues and recovered on a per kWh basis for non-demand customers.
- Issued by: James A. Lahtinen, Vice President - Rates & Regulatory Economics, Binghamton, NY

GENERAL INFORMATION

21. **Rate Adjustment Mechanism (“RAM”)** (Cont’d)

F. Carrying Costs:

The Company shall accrue carrying costs on RAM Eligible Deferrals and costs as follows:

- (1) During the period that the RAM is in effect for those deferral balances being specifically collected or returned, carrying costs shall be based on the Commission’s authorized Other Customer Capital Rate.
- (2) RAM Eligible Deferral Balances not in the RAM tariff due to the annual dollar amount restrictions set forth above shall accrue carrying charges as follows:
 - (a) Net Deferral amounts at or under the annual RAM recovery / return limits shall accrue carrying charges at the Other Customer Capital Rate;
 - (b) Additional deferral amounts over the annual RAM recovery / return limits, up to one year’s worth of value, shall accrue carrying costs at the Other Customer Capital Rate; and
 - (c) Additional deferral amounts over the annual RAM recovery / return limits in Rule 21.F.(2)(a) and (2)(b) above, shall accrue carrying costs at the Company’s respective Pre-Tax Weighted Cost of Capital, applied to the after-tax balance.

G. Filings and Statements:

- (1) A RAM Compliance Filing setting forth the RAM rates by Service Classification shall be filed with the Commission by March 31 on an annual basis.
- (2) A RAM Statement setting forth the RAM rates shall be filed with the Commission on not less 30 days’ notice to be effective July 1. Such statement may be found at the end of this Schedule.

PSC NO: 121 ELECTRICITY
NEW YORK STATE ELECTRIC & GAS CORPORATION
Initial Effective Date: 07/01/16
Issued in compliance with Order in Case 15-E-0283, dated June 15, 2016

Leaf: 16
Revision: 9
Superseding Revision: 7

SERVICE CLASSIFICATION NO. 1 (Cont'd.)

SUPPLY SERVICE OPTIONS AVAILABLE TO CUSTOMERS:

Pursuant to General Information Section 25, Supply Service Options, of Schedule P.S.C. No. 120, customers served under this Service Classification shall choose from different electric rate choices offered by the Company as described below. The Company shall offer a Retail Access rate choice and a Non-Retail Access rate choice.

The Retail Access choice is the ESCO Supply Service (ESS). The Non-Retail Access choice is the NYSEG Supply Service (NSS).

NYSEG shall provide Delivery Service regardless of the customer's Supply Service Option.

1. ESCO Supply Service (ESS)

This Retail Access choice includes a Monthly Operation and Maintenance Charge for luminaires and other facilities, fixed charges for NYSEG delivery service, and a Transition Charge (Non-Bypassable Charge [NBC]). Supply Service shall be provided by an Energy Services Company (ESCO). Customers that elect ESS and receive a Consolidated Bill shall not be subject to the Bill Issuance Charge.

kWh use shall be determined in accordance with General Information Section 2, Determination of Demand and Energy Use.

PSC NO: 121 ELECTRICITY
NEW YORK STATE ELECTRIC & GAS CORPORATION
Initial Effective Date: July 1, 2016
Issued in compliance with Order in Case 15-E-0283, dated June 15, 2016

Leaf: 24
Revision: 24
Superseding Revision: 23

SERVICE CLASSIFICATION NO. 1 (Cont'd.)

MINIMUM CHARGE:

The monthly minimum charge for service is the Monthly Operation and Maintenance Charge and applicable Other Facility Charges plus the Bill Issuance Charge, if applicable.

SYSTEM BENEFITS CHARGE:

A surcharge shall be added to each customer bill for service under this Service Classification to collect the System Benefits Charge (as explained in this Schedule, General Information Section 16). See SBC Statement.

SURCHARGE TO COLLECT TEMPORARY STATE ASSESSMENT ("TSAS"):

A surcharge shall be added to the Energy Charge for Delivery Service under this Service Classification to collect the Temporary State Assessment (as explained in this Schedule, General Information Section 18). See TSAS Statement.

SURCHARGE TO COLLECT RELIABILITY SUPPORT SERVICES ("RSS"):

A surcharge shall be added to each customer bill for service under this Service Classification to collect the Reliability Support Services (as explained in this Schedule, General Information Section 20). See RSS Statement.

RATE ADJUSTMENT MECHANISM ("RAM"):

The RAM will be applied per kWh to all kWhs delivered under this Service Classification (as explained in this schedule, General Information Rule 21). See RAM Statement.

INCREASE IN RATES AND CHARGES:

The rates and charges under this Service Classification, including minimum charges, shall be increased by a surcharge pursuant to Section 3 of P.S.C. No. 121 to reflect the tax rates applicable within the municipality where the customer takes service.

ALLOWANCE FOR LAMP OUTAGES:

The Company shall use reasonable diligence to provide a continuous, regular and uninterrupted supply of service and the customer shall use reasonable diligence to protect the lighting system. If for any reason the lamp becomes inoperable, the Company shall make every effort to complete the necessary repair within three business days after notice of such outage has been received by the Company from a customer. In lieu of determination of the actual lamp-hour outages resulting from a failure of any light to burn for any reason, a monthly credit is automatically included in the energy charges of the monthly bill, in that the charge per kWh quoted in the tariff has been reduced by 0.15%.

TERMS OF PAYMENT:

All bills are rendered at the above Charges and that amount is due on bills paid on or before the past due date indicated on the bill. A late payment charge at the rate of 1½% per month shall be billed on all amounts not paid by that date. (Further details in Section 14 of the General Information Section of this Schedule.)

DETERMINATION OF CAPITAL COST:

In the case of newly constructed facilities, capital cost shall include all labor, transportation, material and applicable overheads as defined in the charges for Special Services contained in Schedule P.S.C. 119 - Electricity, or superseding issues thereof, and utilized in recording the cost of such facilities on the books and records of the Company. In the case of existing plant, capital contributions shall be determined using the replacement cost of the plant's specific vintage less depreciation. In no case shall the contribution be less than the average depreciated original cost of all such facilities in that account. The Company shall compute annually a schedule of such rates to be provided upon request.

SERVICE CLASSIFICATION NO. 2 (Cont'd.)

SUPPLY SERVICE OPTIONS AVAILABLE TO CUSTOMERS: (CONT'D.)

The Company shall provide Delivery Service regardless of the customer's Supply Service Option.

1. ESCO Supply Service (ESS)

This Retail Access choice includes a monthly maintenance charge for luminaires and other company-owned facilities in service, fixed charges for NYSEG delivery service, and a Transition Charge (Non-Bypassable Charge [NBC]). Supply Service shall be provided by an Energy Services Company (ESCO). Customers that elect ESS and receive a Consolidated Bill shall not be subject to the Bill Issuance Charge.

kWh use shall be determined in accordance with General Information Section 2, Determination of Demand and Energy Use.

RATE: (Per Month)

Delivery Service:

SERVICE CLASSIFICATION NO. 2 (Cont'd.)

MERCHANT FUNCTION CHARGE:

The Merchant Function Charge reflects the administrative costs of obtaining electricity supply. Customers whose electricity is supplied by an ESCO are not charged for this service.

MINIMUM CHARGE:

The monthly minimum charge for service is the Monthly Maintenance Charge, plus the Bill Issuance Charge, if applicable.

SYSTEM BENEFITS CHARGE:

A surcharge shall be added to each customer bill for service under this Service Classification to collect the System Benefits Charge (as explained in this Schedule, General Information Section 16). See SBC Statement.

SURCHARGE TO COLLECT TEMPORARY STATE ASSESSMENT ("TSAS"):

A surcharge shall be added to each customer bill for service under this Service Classification to collect the Temporary State Assessment (as explained in this Schedule, General Information Section 18). See TSAS Statement.

SURCHARGE TO COLLECT RELIABILITY SUPPORT SERVICES ("RSS"):

A surcharge shall be added to each customer bill for service under this Service Classification to collect the Reliability Support Services (as explained in this Schedule, General Information Section 20). See RSS Statement.

RATE ADJUSTMENT MECHANISM ("RAM"):

The RAM will be applied per kWh to all kWhs delivered under this Service Classification (as explained in this schedule, General Information Rule 21). See RAM Statement.

INCREASE IN RATES AND CHARGES:

The rates and charges under this Service Classification, including minimum charges, shall be increased by a surcharge pursuant to Section 3 of P.S.C. No. 121 - Electricity to reflect the tax rates applicable within the municipality where the customer takes service.

ALLOWANCE FOR LAMP OUTAGES:

The Company shall use reasonable diligence to provide a continuous, regular and uninterrupted supply of service and the customer shall use reasonable diligence to protect the lighting system. If for any reason the lamp becomes inoperable, the Company shall make every effort to complete the necessary repair within three business days after notice of such outage has been received by the Company from a customer. In lieu of determination of the actual lamp-hour outages, resulting from a failure of any light to burn for any reason, a monthly credit is automatically included in the energy charges of the monthly bill, in that the charge per kWh quoted in the tariff has been reduced by 0.15%.

TERMS OF PAYMENT:

All bills are rendered at the above "unit prices" and that amount is due on bills paid on or before the past due date indicated on the bill. A late payment charge at the rate of 1½% per month shall be billed on all amounts not paid by that date. (Further details in Section 14 of the General Information section of this Schedule).

SERVICE CLASSIFICATION NO. 3 (Cont'd.)

RATE: (Cont'd)

Energy use shall be the sum of monthly energy use calculated as explained in General Information Section 2 of this Schedule.

SUPPLY SERVICE OPTIONS AVAILABLE TO CUSTOMERS:

Pursuant to General Information Section 25, Supply Service Options, of Schedule P.S.C. No. 120, customers served under this Service Classification shall choose from different electric rate choices offered by the Company as described below. NYSEG shall offer a Retail Access rate choice and a Non-Retail Access rate choice.

The Retail Access choice is the ESCO Supply Service (ESS). The Non-Retail Access choice is the NYSEG Supply Service (NSS).

NYSEG shall provide Delivery Service regardless of the customer's Supply Service Option.

1. ESCO Supply Service (ESS)

This Retail Access choice includes a monthly operation and maintenance charge for luminaires and other facilities, fixed charges for NYSEG delivery service, and a Transition Charge (Non-Bypassable Charge [NBC]). Supply service shall be provided by an Energy Services Company (ESCO). Customers that elect ESS and receive a Consolidated Bill shall not be subject to the Bill Issuance Charge.

kWh use shall be determined in accordance with General Information Section 2, Determination of Demand and Energy Use.

SERVICE CLASSIFICATION NO. 3 (Cont'd.)

MINIMUM CHARGE:

The monthly minimum charge for service is the Monthly Luminaire Charge and applicable Other Facility Charges, plus the Bill Issuance Charge, if applicable.

SYSTEM BENEFITS CHARGE:

A surcharge shall be added to each customer bill for service under this Service Classification to collect the System Benefits Charge (as explained in this Schedule, General Information Section 16). See SBC Statement.

SURCHARGE TO COLLECT TEMPORARY STATE ASSESSMENT ("TSAS"):

A surcharge shall be added to each customer bill for service under this Service Classification to collect the Temporary State Assessment (as explained in this Schedule, General Information Section 18). See TSAS Statement.

SURCHARGE TO COLLECT RELIABILITY SUPPORT SERVICES ("RSS"):

A surcharge shall be added to each customer bill for service under this Service Classification to collect the Reliability Support Services (as explained in this Schedule, General Information Section 20). See RSS Statement.

RATE ADJUSTMENT MECHANISM ("RAM"):

The RAM shall be applied per kWh to all kWhs delivered under this Service Classification (as explained in this schedule, General Information Rule 21). See RAM Statement.

INCREASE IN RATES AND CHARGES:

The rates and charges under this Service Classification, including minimum charges, shall be increased by a surcharge pursuant to Section 3 of P.S.C. No. 121 - Electricity to reflect the tax rates applicable within the municipality where the customer takes service.

ALLOWANCE FOR LAMP OUTAGES:

The Company shall use reasonable diligence to provide a continuous, regular and uninterrupted supply of service and the customer shall use reasonable diligence to protect the lighting system. If for any reason the lamp becomes inoperable, the Company shall make every effort to complete the necessary repair within three business days after notice of such outage has been given to the Company by a customer. In lieu of determination of the actual lamp-hour outages resulting from a failure of any light to burn for any reason, a monthly credit is automatically included in the energy charges of the monthly bill, in that the charge per kWh quoted in the tariff has been reduced by 0.15%.

SERVICE CLASSIFICATION NO. 3 (Cont'd.)

SPECIAL PROVISIONS: (Cont'd.)

G. Purchase Option: (Cont'd):

The Customer may, at its option, elect to purchase the portion of the Company's street lighting system being used to serve the customer. The following guidelines shall apply to any sale of the Company's street lighting facilities: (Cont'd):

- ii) The customer must purchase a minimum of 25% of the lights that were owned by the Company within the municipality prior to any purchase(s) made under this rule, and the facilities associated with those lights, or 100 lights and their associated facilities, whichever is greater. If the customer requests purchase of a geographic area which contains slightly less than the 25% minimum, the Company shall consider such an offer, provided that there is some logical rationale for the area chosen. Notwithstanding the above, if a customer owns 70% or more of the lights originally owned by the Company prior to any purchase(s) made by the customer under this rule, any further purchase must encompass all remaining lights. If a proposed purchase of lights would reduce the amount of lights owned by the Company within the municipality to less than 15% of the lights originally owned by the Company prior to any purchase(s) made by the customer under this rule, or to less than 100 lights, completion of the proposed purchase shall be contingent upon written agreement by the customer to purchase all remaining lights within two years of the currently proposed purchase. Such written agreement shall include all terms and conditions of the sale of the remaining lights, including but not limited to the sale price and time frame of the sale. The Company may contract to sell the system in increments over an agreed upon time frame or to accept payments in installments, upon payment and other terms acceptable to the Company.
- iii) The Company shall develop an estimate of the costs that it shall incur to physically separate the system being sold from the rest of its distribution system in order for the Company to meet all applicable codes and regulations. This estimate shall not include costs that the customer may incur in order for the Customer to meet any codes and regulations that may apply to it.
- iv) The Company shall determine a proposed purchase price of the equipment, taking into account factors which may include, but are not limited to, the market value of the street lighting system to be sold, the remaining book value of the street lighting system to be sold, potential federal income tax implications resulting from accelerated depreciation of the equipment for tax purposes, and any other costs which the Company may incur in order to complete the sale.
- v) Within 30-business days of a customer providing written notice to the Company of its desire to purchase its street lighting system, the Company shall respond, in writing, with the proposed purchase price. The actual purchase price of the street lighting system may be negotiated between the Company and the customer.

SERVICE CLASSIFICATION NO. 4

**STREET LIGHTING SERVICE -
 ENERGY ONLY**

APPLICABLE TO THE USE OF SERVICE FOR:

Street, highway, roadway or other outdoor lighting for duly constituted public agencies, public authorities and public corporations. The Company shall provide energy only. The street lighting equipment including wire, bracket, luminaire and street lighting standard, is owned and maintained by the customer. Service depends upon available circuits.

The Company reserves the right to reject all or any part of such street lighting systems that do not meet general Company specifications, or are not compatible with the type and nature of existing Company facilities.

CHARACTER OF SERVICE:

Limited Period-Unmetered Electric Energy; Alternating current - 60 cycle 120/240, 120/208 or 480 volts, single phase. The customer shall install controls for operating from dusk (one-half hour after sunset) to dawn (one-half hour before sunrise), approximating 4213 hours per year.

SUPPLY SERVICE OPTIONS AVAILABLE TO CUSTOMERS:

Pursuant to General Information Section 25, Supply Service Options, of Schedule P.S.C. No. 120, customers served under this Service Classification shall choose from different electric rate choices offered by the Company as described below. NYSEG shall offer a Retail Access rate choice and a Non-Retail Access rate choice.

The Retail Access choice is the ESCO Supply Service (ESS). The Non-Retail Access choice is the NYSEG Supply Service (NSS). *NYSEG shall provide Delivery Service regardless of the customer's Supply Service Option.*

kWh use shall be determined in accordance with General Information Section 2, Determination of Demand and Energy Use. If the customer installs a lamp type not listed in this tariff, the customer shall provide the necessary fixture specifications to the Company to allow the Company to calculate the wattage and Billing kW.

1. ESCO Supply Service (ESS)

This Retail Access choice includes fixed charges for NYSEG delivery service, and a Transition Charge (Non-Bypassable Charge ["NBC"]). Supply Service shall be provided by an Energy Services Company (ESCO). Customers that elect ESS and receive a Consolidated Bill shall not be subject to the Bill Issuance Charge.

RATE (Per Month):

| Delivery Charges | Effective Date | | |
|---|---------------------------------|----------|----------|
| | 07/01/16 | 05/01/17 | 05/01/18 |
| Energy Charge (All kWh, per kWh) | 0.02724 | 0.02854 | 0.02987 |
| Rate Adjustment Mechanism (All kWh, per kWh) | See RAM Statement | | |
| Transition Charge (All kWh, per kWh) | See Transition Charge Statement | | |

Bill Issuance Charge (per bill): \$0.81, as described in P.S.C. No. 120, General Information Section 16.J.

SERVICE CLASSIFICATION NO. 4 (Cont'd.)

SUPPLY SERVICE OPTIONS AVAILABLE TO CUSTOMERS: (Cont'd)

2. NYSEG Supply Service (NSS)

This Non-Retail Access choice includes fixed charges for NYSEG delivery service, a Transition Charge (Non-Bypassable Charge [NBC]), a fluctuating commodity charge for electricity supplied by NYSEG and a Merchant Function Charge.

RATE (Per Month):

| Delivery Charges | Effective Date | | |
|---|---------------------------------|----------|----------|
| | 07/01/16 | 05/01/17 | 05/01/18 |
| Energy Charge (All kWh, per kWh) | 0.02724 | 0.02854 | 0.02987 |
| Rate Adjustment Mechanism (All kWh, per kWh) | See RAM Statement | | |
| Transition Charge (All kWh, per kWh) | See Transition Charge Statement | | |

Commodity Service

The charge for Electric Power Supply provided by NYSEG shall fluctuate each month as further described in P.S.C. No. 120 General Information Section 25.I.C, Calculation of the Commodity Charge.

Merchant Function Charge
 All kWh, per kWh See Merchant Function Charge Statement

Bill Issuance Charge (per bill): \$0.81, as described in P.S.C. No. 120, General Information Section 16.J.

SERVICE CLASSIFICATION NO. 4 (Cont'd.)

Pole Attachment Charges:

Monthly pole attachment charge, per mast arm or pole bracket supporting one or more luminaires, shall be 1/12 the annual CATV rental rate.

MINIMUM CHARGE:

The monthly minimum charge for service is the Bill Issuance Charge, if applicable.

SYSTEM BENEFITS CHARGE:

A surcharge shall be added to each customer bill for service under this Service Classification to collect the System Benefits Charge (as explained in this Schedule, General Information Section 16). See SBC Statement.

SURCHARGE TO COLLECT TEMPORARY STATE ASSESSMENT (TSAS):

A surcharge shall be added to the Energy Charge for Delivery Service under this Service Classification to collect the Temporary State Assessment (as explained in this Schedule, General Information Section 4.4.). See TSAS Statement.

SURCHARGE TO COLLECT RELIABILITY SUPPORT SERVICES ("RSS"):

A surcharge shall be added to each customer bill for service under this Service Classification to collect the Reliability Support Services (as explained in this Schedule, General Information Section 20). See RSS Statement.

RATE ADJUSTMENT MECHANISM ("RAM"):

The RAM shall be applied per kWh to all kWhs delivered under this Service Classification (as explained in this schedule, General Information Rule 21). See RAM Statement.

INCREASE IN RATES AND CHARGES:

The monthly charge under this Service Classification, including fuel cost adjustment and pole attachment charges, shall be increased by the applicable effective aggregate percentage shown in Rule 4.5 for service supplied within the municipality where the Customer is taking service.

TERMS OF PAYMENT:

All bills are rendered at the above rate. A late payment charge of 1½% per month shall become due and payable if payment is not made on or before the last day to pay date specified on the bill in accordance with the provisions of Rule 4.2.

TERM:

One year and thereafter until terminated by giving 30 days' written notice.

SPECIAL PROVISIONS:

1. The Company shall:
 - a. Designate the character of service and service connection point(s), and, if necessary, extend its distribution facilities to said point(s) of service and bill customer the Company's costs and expenses (excluding transformers, accessories and switching equipment) for said distribution facilities.
 - b. Make all connections to its distribution system and charge customer in accordance with Special Provision 2.h. Should the customer request a subsequent reconnection or disconnection, or should the Company disconnect service pursuant to Special Provisions 1.g or 3.a, the customer shall pay a reconnection and/or disconnection charge as set forth in Special Provision 2.h.
 - c. Have the right, by means of a field investigation, to verify ballast compliance (see Special Provision 2.a) as well as lamp sizes, types and numbers. If additional lamps have been installed, or larger size lamps found in the field which were not previously reported to the Company by the customer, the Company shall bill the customer for energy as though the lamps were in service at the time of the prior field inspection (but no more than one year) unless customer can establish a lesser period of service.
